Forest Ecology and Management, 45 (1991) 353–356
Elsevier Science Publishers B.V., Amsterdam

Subject Index

Acacia
Runoff agroforestry in arid lands 59
Tree establishment in semi-arid lands of Kenya 153
Agroecological zones
State-of-the-art of agroforestry systems 5
Agroforestry
State-of-the-art of agroforestry systems 5
Agroforestry developments
State-of-the-art of agroforestry systems 5
Agroforestry planning
A decision support system for planning agroforestry systems 199
Agroforestry practices
State-of-the-art of agroforestry systems 5
Agroforestry survey
Agroforestry practices in Somalia 293
Agroforestry systems
Ten-year balances of organic matter and nutrients at Costa Rica 173
Alley cropping
Microclimatic interactions in agroforestry systems 31
Above- and below-ground interactions in agroforestry systems 45
Soil–plant interactions in agroforestry systems 127
Alternatives, generating of
A decision support system for planning agroforestry systems 199
Arid lands
Runoff agroforestry in arid lands 59
Agroforestry practices in Somalia 293
Atmospheric interactions
Above- and below-ground interactions in agroforestry systems 45
Bangladesh
Design of agroforestry systems: Some examples and lessons from Bangladesh 193
Bio-diversity
A baseline study of Kandyan Forest Gardens of Sri Lanka 269
Bioeconomic modelling
A spreadsheet approach to the economic modelling of agroforestry systems 207
Composition
Pasture production and animal performance under pine agroforestry 109
Conifers
Effects of widely spaced conifers on under-storey herbage production 71
Consumption weights, inter- and intra-temporal
The socio-economic evaluation of agroforestry in Orissa (India) 237
Cordia
Ten-year balances of organic matter and nutrients at Costa Rica 173
Crop mixed
Agroforestry systems as ecological approach in Brazilian Amazon development 319

Crop yield
Agroforestry development in northeastern Nigeria 309
Decomposition
The effect of tree leaf litter on sward botanical composition and growth 165
Density
Runoff agroforestry in arid lands 59
Density planting
Evaluation of agroforestry practices in Gujarat State, India 325
Development
Agroforestry as a productive land-use system for farmers in southern Africa 281
Erythrina
Ten-year balances of organic matter and nutrients at Costa Rica 173
Eucalyptus
Runoff agroforestry in arid lands 59
Extension
Rapid appraisal for agroforestry research and extension 337
Fallow improvement
Leucaena leucocephala as a fallow improvement crop on Mindoro, Philippines 185
Fallows
Soil–plant interactions in agroforestry systems 127
Feed allowance
Pasture production and animal performance under pine agroforestry 109
Forest density
Effects of surrounding forest canopy architecture on wind field in small clearings 79
Forest grazing
New Zealand experience with silvopastoral systems: A review 251
Forestry
Agroforestry systems as ecological approach in Brazilian Amazon development 319
Heat balance
Forestry and shelter for livestock 93
Herbage production
Effects of widely spaced conifers on under-storey herbage production 71
Homegardens
Soil–plant interactions in agroforestry systems 127
A baseline study of Kandyan Forest Gardens of Sri Lanka 269
Humid tropics
Soil–plant interactions in agroforestry systems 127
Inoculation
Tree establishment in semi-arid lands of Kenya 153
Intercropping
Above- and below-ground interactions in agroforestry systems 45
Leucaena
Microclimatic interactions in agroforestry systems 31
Leucaena leucocephala as a fallow improvement crop on Mindoro, Philippines 185
Litter
The effect of tree leaf litter on sward botanical composition and growth 165
Livestock
Forestry and shelter for livestock 93
Livestock performance
Pasture production and animal performance under pine agroforestry 109

Local participation
Design of agroforestry systems: Some examples and lesson from Bangladesh 193
Microclimate
Microclimatic interactions in agroforestry systems 31
Microclimate, clearing of
Effects of surrounding forest canopy architecture on wind field in small clearings 79
Mixed planting
Evaluation of agroforestry practices in Gujarat State, India 325
Modelling
Ten-year balances of organic matter and nutrients at Costa Rica 173
Moisture competition
Above- and below-ground interactions in agroforestry systems 45
Momentum transport
Effects of surround forest canopy architecture on wind field in small clearings 79
Multiple objective linear programming
A decision support system for planning agroforestry systems 199
New Zealand
New Zealand experience with silvopastoral systems: A review 251
Nutrients
Ten-year balances of organic matter and nutrients at Costa Rica 173
Organic matter
Ten-year balances of organic matter and nutrients at Costa Rica 173
Pasture production
Pasture production and animal performance under pine agroforestry 109
Peripheral planting
Evaluation of agroforestry practices in Gujarat State, India 325
Pinus
Pasture production and animal performance under pine agroforestry 109
New Zealand experience with silvopastoral systems: A review 251
Prosopis
Tree establishment in semi-arid lands of Kenya 153
Rapid appraisal
Rapid appraisal for agroforestry research and extension 337
Research
Rapid appraisal for agroforestry research and extension 337
Resource utilisation
Microclimatic interactions in agroforestry systems 31
Roots
Above- and below-ground interactions in agroforestry systems 45
Runoff
Runoff agroforestry in arid lands 59
Sahel
Agroforestry development in northeastern Nigeria 309
Semi-arid tropics
Microclimatic interactions in agroforestry systems 31
Soil–plant interactions in agroforestry systems 127
Agroforestry practices in Somalia 293
Sensitivity
A spreadsheet approach to the economic modelling of agroforestry systems 207
Sheep
Tree protection methods against sheep in an upland agroforestry system 119
Shelter
Forestry and shelter for livestock 93

Shifting cultivation
Leucaena leucocephala as a fallow improvement crop on Mindoro, Philippines 185
Agroforestry systems as ecological approach in Brazilian Amazon development 319
Silvopastoral system
Tree protection methods against sheep in an upland agroforestry system 119
Soil–plant interactions in agroforestry systems 127
Agroforestry systems as ecological approach in Brazilian Amazon development 319
Social marginal utility of consumption, elasticity of
The socio-economic evaluation of agroforestry in Orissa (India) 237
Social utility function
The socio-economic evaluation of agroforestry in Orissa (India) 237
Soil fertility
Agroforestry development in northeastern Nigeria 309
Soils
Soil–plant interactions in agroforestry systems 127
Somalia
Agroforestry practices in Somalia 293
Spacing
Evaluation of agroforestry practices in Gujarat State, India 325
Spreadsheet
A spreadsheet approach to the economic modelling of agroforestry systems 207
Sri Lanka
A baseline study of Kandyan Forest Gardens of Sri Lanka 269
Sustainable
Agroforestry as a productive land-use system for farmers in southern Africa 281
Temperate-zone agroforestry
State-of-the-art of agroforestry systems 5
Terminalia
Tree establishment in semi-arid lands of Kenya 153
Theobroma
Ten-year balances of organic matter and nutrients at Costa Rica 173
Timberbelts
New Zealand experience with silvopastoral systems: A review 251
Tradition
Design of agroforestry systems: Some examples and lessons from Bangladesh 193
Trees
Agroforestry development in northeastern Nigeria 309
Tree protection
Tree protection methods against sheep in an upland agroforestry system 119
Tree shelter
Tree protection methods against sheep in an upland agroforestry system 119
Tropical agroforestry
State-of-the-art of agroforestry systems 5
Vertisols
Agroforestry development in northeastern Nigeria 309
Vesicular-arbuscular mycorrhizas
Tree establishment in semi-arid lands of Kenya 153
Water harvesting
Runoff agroforestry in arid lands 59
Water-holding polymer
Tree establishment in semi-arid lands of Kenya 153
Water use efficiency
Runoff agroforestry in arid lands 59
Wind model
Effects of surrounding forest canopy architecture on wind field in small clearings 79
